Items that cannot be collected or disposed of by the city

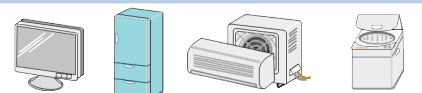

Recycling home appliances

Air conditioners, televisions, refrigerators, freezers, washing machines and clothes dryers are all recyclable home appliances and are not collected by the city. These appliances are collected by the retailer or manufacturer for recycling.

How to recycle your home appliances

- When requesting disposal from an appliance retailer → Recycling fee + Transportation fee
- When taking items directly to the designated handling location → (Prepaid) recycling ticket only
- When taking to the Matsusaka Clean Center → (Prepaid) recycling ticket + Municipal disposal fee

How to dispose of old personal computers

- Take to the Matsusaka Recycle Center or Matsusaka Clean Center
- Use the home collection service (free) provided by Renet Japan Recycle, Inc.
- Return to computer manufacturer
